

Credit Check Authorization:

Authorization to provide information and release of the information to ETC:

The Customer, having applied for services from ETC, authorizes ETC to verify information in his application. I specifically authorize ETC to verify such information, including, but not limited to, credit history and employment status. The Customer understands and authorizes ETC to verify the above through its own investigation or through the use of a service provider to provide the information to ETC. All information shall be used by ETC for the express purpose of examination of this application.
